

Gift Ideas For A Whiter, Brighter Day

Available in our office, we recommend:

Oral-B Professional Care 9950 Triumph with SmartGuide Technology Pulsating/Oscillating Electric Toothbrush Exclusive Dental Office Package

Customize the cleaning of your teeth and gums with the world's most advanced oscillating toothbrush. New FlossAction[®], brush head with MicroPulse[™] bristles penetrates deep between teeth to sweep away plaque. The wireless SmartGuide timer provides countdown feedback on a 4-quadrant display. Brush head replacement indicator tells you when it's time to change the brush head and an innovative pressure sensor alerts you when you are brushing too hard. Four brushing modes – Clean, Soft, Massage and Polish – let you customize your cleaning. Helps heal and reverse gingivitis. Dentist-inspired PowerPolisher[™] for cleaner, whiter teeth in 21 days.

Hydro Floss

This revolutionary device provides magnetized irrigation that is almost twice as effective as other oral irrigators. The adjustable pulsating stream of water from the Hydro Floss will manage and caress your gums. It removes food, debris, germs and bacteria from those hard to reach areas leaving your mouth feeling clean and refreshed. Experience the new generation of oral irrigators!

Professional Teeth Whitening Services:

In-office Whitening

Whiter and Brighter teeth in about an hour. Light-activated teeth whitening technology brightens your teeth in our office while relaxing in a dental recliner. This revolutionary teeth whitening system is ideal for anyone looking for immediate results. It is the perfect choice for the busy individual.

Custom Take-Home Tray Whitening

Custom trays are specifically made for your whitening procedure. A whitening gel is placed in these thin comfortable trays fitted over your teeth. Results are often seen after one night. Optimum natural whiteness usually occurs when the process is continued for a week to 10 days.

Opalescence TrèswHITE Supreme

Designed to appeal to entry-level whitening patients, or patients looking for an over-the-counter alternative. Simple and easy to use trays pre-filled with 100% pure Opalescence potassium-fluoride gel. Patients love the fact that Opalescence TrèswHITE Supreme is "dentist strength" whitening at an affordable price.

Opalescence Whitening Toothpaste

Opalescence Toothpaste is excellent for patients who want to preserve the shade of their whitened teeth. Its fresh flavor and unique formula maximizes fluoride uptake into enamel while removing surface stain at the lowest abrasive levels.
